

SPECIAL DEFENSE FOR HAMMOND RIOT CASES

CITY STANDS BACK OF OFFICERS

Council Votes Legal Talent At Special Meeting Last Night

In a special session held last night at the Hammond city council decided that the city should furnish legal talent to aid in the defense of six present and former members of the Hammond police force who are co-defendants with the Standard Steel Car Co. and Standard guards in damage suits now pending in the federal court at Indianapolis.

The suits have been brought by men who were injured in the East Hammond riot, September 9, 1919, in which four men were killed and a number were wounded by shots from weapons of the police and Standard guards. The men named in the complaint are William Lute, Ben Strong, Carl Fandell, Fred Hesterman, Sanford Singer and George Hamilton. Lute and Strong are no longer connected with the police force.

The carnival company which has been trying for over a week to get the council's consent to put on a show in Robertsdale put in another bid last night on learning of the success of the Old Fellows. The council turned down the bid again. The company had been trying to give the insurance on the Whiteing Baptist church was having the carnival but when a denial was registered by the pastor of the parish the aldermen refused to consider the proposition further.

U. S. ENTERS ARBUCKLE CASE NOW

(INTERNATIONAL NEWS SERVICE) SAN FRANCISCO, Cal., Sept. 15.—There was conflict in the federal government into the Arbuckle case through action by Special Assistant Attorney General Robert N. McCormack looking toward a sweeping investigation into the source of liquor at Arbuckle's gay party and whether a similar affair is present.

"If Arbuckle is guilty of having transported liquor from Los Angeles to San Francisco, I intend to go after him, and any man or woman who attempts to evade or misrepresent the details of the Arbuckle party insofar as the liquor end of it is concerned will be prosecuted on charges of perjury," was the statement of McCormack.

Officials frankly were more concerned today over charges and rumors of witness tampering than they were in reaching a decision on what charge Arbuckle will be prosecuted.

"If the witnesses in this case are being tampered with, all the machinery of the district attorney's office will be used to run the guilty party down," District Attorney Brady declared. "I am more interested in seeing that money does not influence any one connected with the case than I am in convicting Arbuckle."

Demand was made by the coroner's jury in its verdict charging Arbuckle with manslaughter that steps be taken by all officials concerned to prevent recurrence in San Francisco of such affairs as that staged by Arbuckle which had a fatal ending.

The same sentiment was expressed at a meeting of the women's vigilance committee.

The committee of twenty appointed by this organization will watch the proceedings throughout in the case and sit through the trial in order to personally assure themselves that justice is being done.

NEW GERMAN REVOLUTION IS THREATENED

BY FRANK E. MASON (STAFF CORRESPONDENT IN N. SERVICE) DRESDEN, Sept. 15.—A revolutionary organization with national ramifications involving militarists, monarchists and anti-Semites, who were pledged to "remove" objectionable republicans and work against the republican government has been discovered by the police, it was revealed here today.

The persons behind the organization are said by the police to have been responsible for the assassination of Matthias Erzberger, leader of the Centrum party.

Many arrests have been made, especially in Bavaria which now is said by Berlin government officials to be a hotbed of royalist agitation. Some of the prisoners were former soldiers and participants in the Von Kapp revolution in March 1920. Others were formerly naval officers.

"The Erzberger assassination put us on the trial of the organization and we already know that radical members of the nationalist party are involved," a police official told the International News Service. "Already we have arrested many responsible members. We are now running down clues to discover the identity of wealthy men who are suspected of having financed the organization."
